Signature

Members may be individual persons or groups. For membership, proof of activity in the field of toxicological and forensic chemistry is required, or proof that the individual supports the objectives and interests of the society. Membership is attainable by technical personnel and students. Companies and institutes can become joint members (Article 3 of the GTFCh's bylaws).

If your application is accepted, the membership fee must be paid without special call by January 31 by direct debit authorization or bank transfer (*Article 5,4 of the GTFCh's bylaws*).

Invoices will not be sent!
