

Analytica Conference 2012

(<http://www.analytica.de/en/Home/congress/conference-program>)

Symposium

“Emerging Drugs of Abuse: From Chemistry to Medicine”

Organized by the

Society of Toxicological and Forensic Chemistry

(Gesellschaft für Toxikologische und Forensische Chemie, GTFCh)

Munich, April 18, 2012

(Chairs Hans H. Maurer, Homburg/Saar and Frank Musshoff, Bonn)

14.00 h	M. Bovens, Zurich	Emerging drugs of abuse: What's on today?
14.30 h	M. Puetz, Wiesbaden	From the seized sample to the chemical structure
15.00 h	H.H. Maurer, Homburg (Saar)	Metabolism and detectability of emerging drugs of abuse
15.30 h	Coffee Break	
16.00 h	D.M. Wood, London	Clinical signs and treatment of emerging drugs of abuse toxicity
16.30 h	M. Mueller, Baltimore, MD	Current knowledge of the MDMA neurotoxicity
17.00 h	V. Auwaerter, Freiburg	Spice, JWH & Co.: What's the current knowledge?
