

48th Annual Meeting
of the
International Association
of Forensic Toxicologists (TIAFT)
Joint Meeting
with the
Society of Toxicological and Forensic Chemistry
(GTFCh)

Bonn, Germany

August 29–September 2, 2010

(after the ICADTS meeting in Oslo, Norway)

Chairs: Hans H. Maurer – Frank Musshoff

Welcome to Bonn

On behalf of the organizing committee, we would like to invite you to come to Germany and to join the 48th Annual Meeting of The International Association of Forensic Toxicologists (TIAFT), a joint meeting with the Society of Toxicological and Forensic Chemistry (GTFCh) in Bonn, August 29 - September 2, 2010.

We guarantee a high scientific level with contributions to major topics of forensic and clinical toxicology with subtopics such as analytics, pharmacokinetics or data interpretation. This will be the basis for fruitful scientific discussions between participants from all over the world.

Of course, the science will be complemented by a highly enjoyable social program not only to make delegates feel welcome but also to make them experience the very pleasant ambience and hospitality of Bonn, the former German capital and native town of the great German composer Ludwig van Beethoven. Moreover, the surroundings of Bonn and other beautiful parts of Germany and neighboring central European countries invite you to include a vacation into your trip to Bonn. We look forward to meeting you in Bonn.

Hans H. Maurer & Frank Musshoff, Chairmen, TIAFT-GTFCh Bonn2010 Organizing Committee

Call for papers

The Scientific Committee welcomes your applications for oral and/or poster presentations and encourages you to submit abstracts via the congress homepage which should be related to Alcohol/ Drugs and Driving, Clinical Toxicology, Drug Monitoring, Drugs of Abuse, Drug Facilitated Crimes, Forensic Chemistry, Postmortem Toxicology, Workplace Drug Testing, and Doping Control. Possible subtopics are Analytics, Alternative Matrices, Epidemiology, Pharmaco- or Toxicokinetics, Pharmaco- or Toxicogenomics, New Drugs, Case Reports, Forensic/Clinical Interpretation, or Quality Assurance.

All submitted abstracts will be subject to peer review and the final decision on the form of presentation remains with the Program Committee.

Young Scientists are encouraged to apply for one of the annual Young Scientists Awards (see <http://www.tiaft.org/about/ysc.php>).

Thomas Kraemer & Frank T. Peters, Chairmen, TIAFT-GTFCh Bonn2010 Scientific Committee

Detailed information

All detailed information is continuously provided on the congress webpage (<http://tiaft2010.gtfch.org/>) linked from the TIAFT and GTFCh webpage (www.tiaft.org; www.gtfch.org).

Stefan W. Toennes, TIAFT-GTFCh Bonn2010 Webmaster
